Provides Spanish- and Portuguese-language scholarly journals and magazines — not simply translations of English-language materials. ¡Informe! features a powerful, easy-to-use interface configured for Spanish speaking users, allowing researchers to analyze topics and conduct research in Spanish.
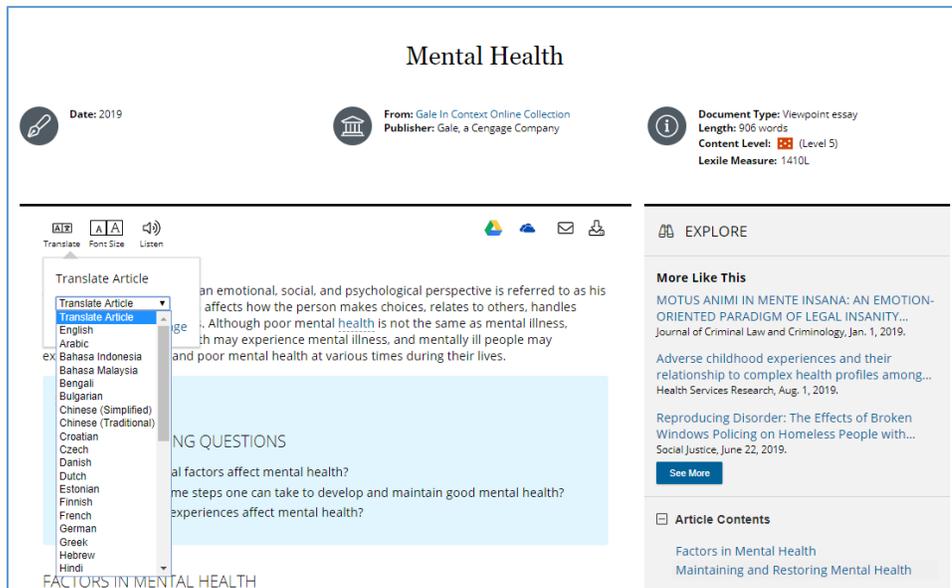

The Spanish version of the Kids encyclopedia has all the games, tools and features of the English version. It also includes Spanish-language newspapers.
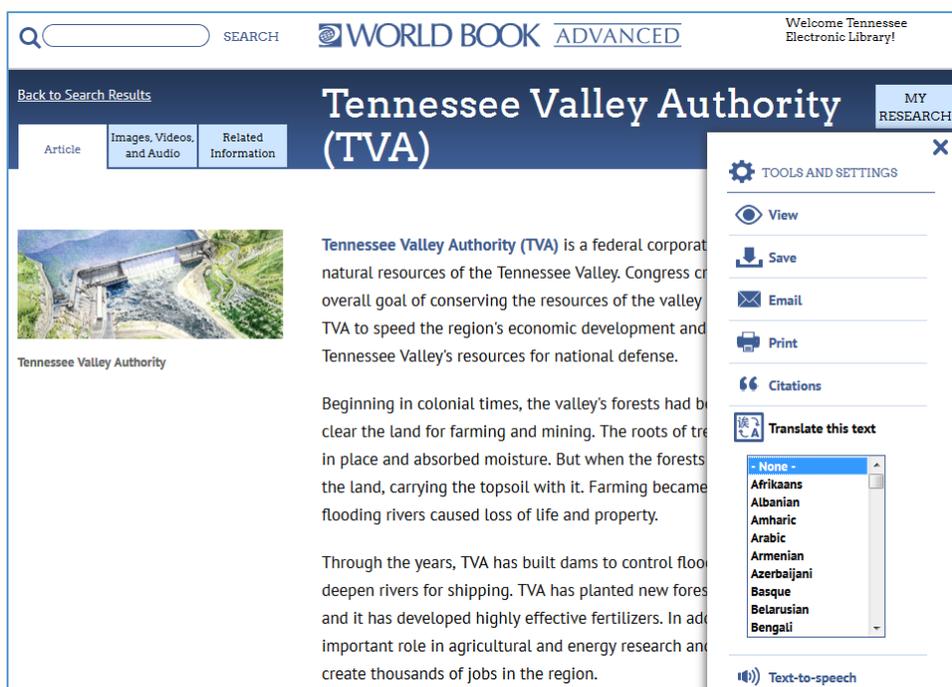

Early World of Learning has built-in tools for emerging readers. It covers the concepts that K-1 students need to master, and includes tracked, read-aloud books in English and Spanish.

On-Demand Translation & Text-to-Speech Tools

- Translation tools across TEL resources help students from diverse populations access and understand essential information.
- Text-to-speech technology also enhances study for readers who benefit from hearing each word aloud as they follow along.
