

Journal Alerts save valuable research time, and will automatically email you whenever a new issue of a particular magazine or journal becomes available in TEL.

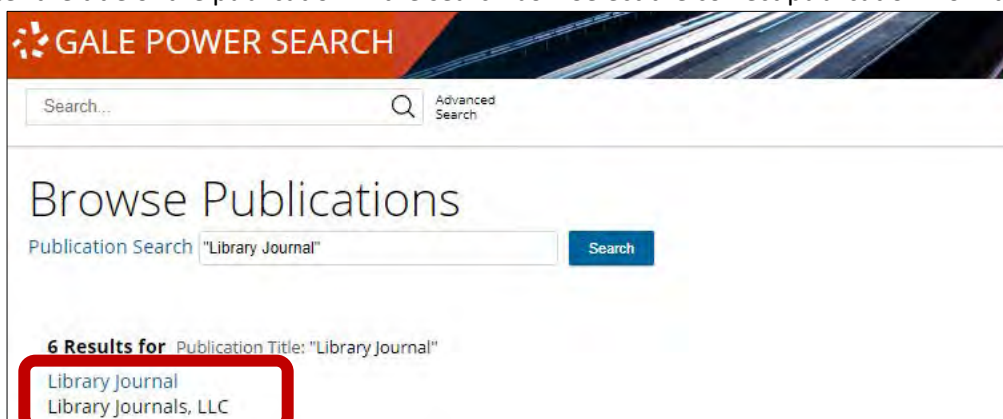

Step 1: From the TEL homepage, click on the [Advanced Search](#) link in the Search box.

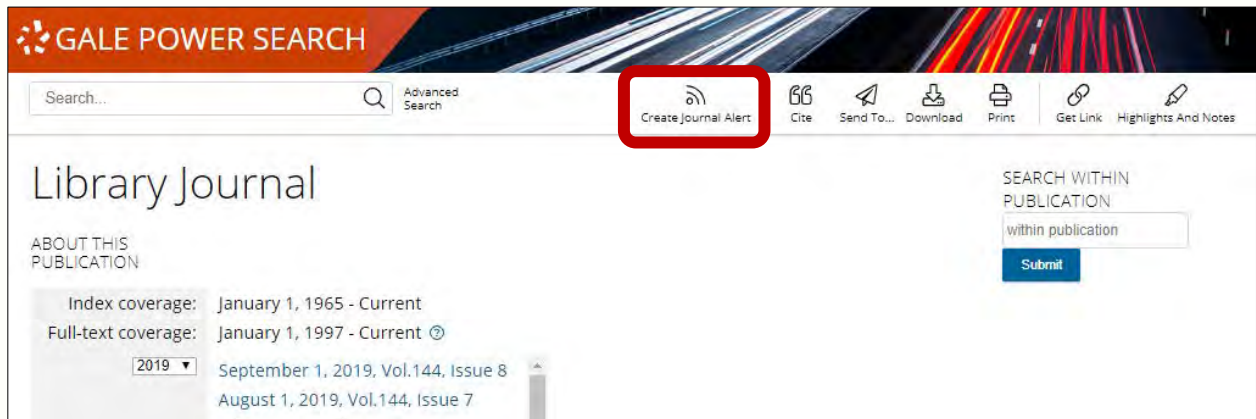

Step 2: Click Publication Search.

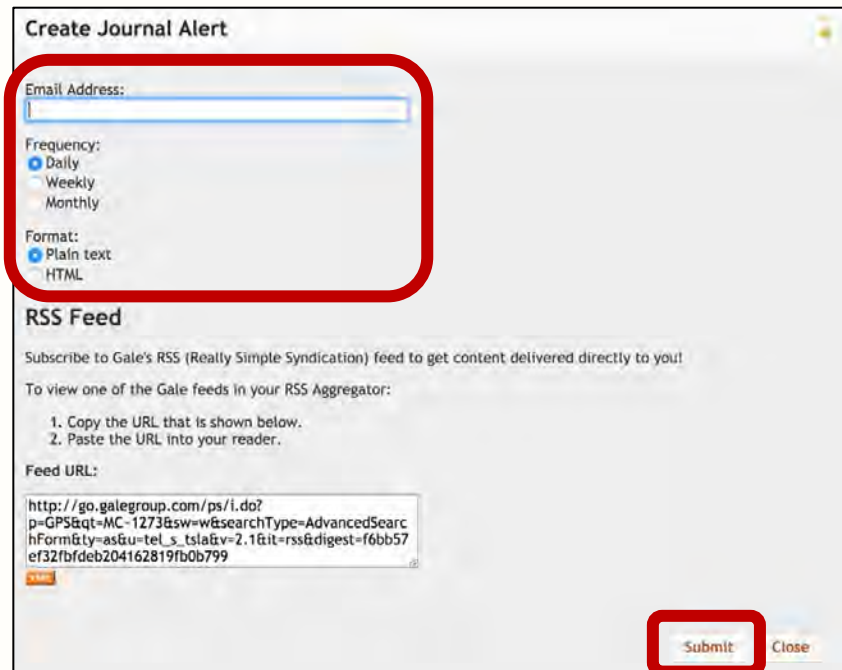

Step 3: Enter the title of the publication in the search box. Select the correct publication from the results list.

Step 4: On the About this Publication page, click Create Journal Alert.

Step 5: Fill in your e-mail address and select the desired Frequency and Format. If you use an RSS aggregator, you can set up an RSS Feed alert with the URL provided.

Step 6: Click the Submit button. You'll receive a confirmation box that your Journal Alert has been created and you're done! Repeat with as many Journal Alerts as you like.

Step 7: When your email arrives, simply click on any article link to go directly to the full text.
